DOG TRAINING

Following on from the very successful puppy parties that we have offered to all of our new puppy owners for early socialisation and basic training for the last four years, we now run group training classes for the older dog and individual behaviour modification sessions at the Beverley Road site.

We can also offer home visits. For further details and prices of our one to one sessions at Beverley Road site or home training visits, please ring 01482 854422.

BOOK NOW! 5 Week course

Kennel Club registered training centre
Regional coordinator for Canine Partners
(Assistance dogs for the disabled)

All dogs must be up to date with their annual vaccination and kennel cough inoculations. Please book at the surgery's reception
